

# BMW MOA Returns to Spain in 2012 with MOA Andalusian Tour presented by IMTBike

**THE BMW MOTORCYCLE OWNERS OF America** has announced the dates for the third BMW MOA Andalucía Tour presented by IMTBike. The tour will begin in Sevilla, Spain, on March 16, 2012 and conclude nine days later on March 25, 2012.

This is the third tour organized by IMTBike for the BMW Motorcycle Owners of America. This tour starts and ends in beautiful Sevilla, Spain, and will take you 1200 miles through sunny Andalucía, a region famous for its Moorish influence, white-washed “pueblos,” delicious “tapas,” flamenco dancing, olive trees, and bravo bulls used in the “Corrida de Toros.”

In Andalucía, there is no shortage of great serpentine curves with the Sierra de Grazalema and Sierra Nevada Mountain ranges. All roads are well-paved, full of twisties and sweepers, and there is very little traffic. This special BMW MOA tour has two rest days, in Ronda and Granada, to give you time to sightsee in these incredible towns.

The tour is an exclusive offer to MOA members and is specially priced beginning at \$2,620 Euros depending on the type of motorcycle rental and room accommodations. The base price includes all overnight accommodations, buffet breakfast each morning, gourmet evening meal, new or late model BMW motorcycle rental including insurance, tour handbook, expert multilingual guide, chase vehicle to transport luggage and large items or purchases and tour polo.

Scott Moreno, Managing Director of IMTBike, personally leads this tour for MOA members. “The BMW MOA Andalucía Tour was my personal vacation trip for the year,” remarks Moreno. “MOA members have always been a great group of people to take on tour. I hope with my personal involvement, BMW MOA members on the Andalucía Tour had an opportunity

to uncover even more of beautiful Spain that they might not ordinarily experience.”
