SPAIN IT IS, THEN! IMT Bike – Southern Spain Tour

IMTBIKE incorporates Córdoba as a destination in its incredible tour through Andalusia.

Cordoba is one of the most beautiful cities in Spain. Declared a World Heritage Site, Cordoba is a living legacy of history that portrays the different cultures (Christian, Muslim, Jewish) that influenced this city through time.

Its famous patios, spectacular mosque, its culture and friendly people have made it one of Southern Spain's gems that shouldn't be missed.

This 9 day tour begins in Malaga, a city known as the "city of light" for the number of sunny days it has year round. This trip

highlights other gems like Granada, Seville and Ronda as well as many more "pueblos blancos" that we'll encounter throughout this mountainous region of Spain.

IMTBIKE has improved its routing by adding an overnight stay in Cordoba in a high quality hotel right on the banks of the Guadalquivir River.

This guided tour is offered March 16-24, 2019 & April 27-May 5, 2019 or it can be converted in a self-guided tour at any time of the year.

For more information on this Andalucía Tour and other motorcycle tours and rentals please contact IMTBIKE at: tours@imtbike.com. Or visit them at www.imtbike.com

BLOW THROUGH

K&N Air Filter – Aprilia RSV4 - \$124.95

K&N air filters has released their reusable and washable air filter for the beastly Aprilia RSV4. Designed to provide increased horsepower and torque, with a pleated media providing a large filtration area offering long service intervals and the multiple layers of woven cotton gauze media offers excellent filtration. Specific base seal and sealing bead ensures no dirt or dust gets through without being filtered. Check out this and the entire range at your local bike shop or www.ctaaustralia.com.au
